

German Language & Culture in Berlin

Berlin Highlights

The programme is designed for groups of foreign students with basic knowledge of the German language and with an interest in German culture. Alternatively groups may also be taught in English language and just given basic tuition in German. We offer a special combination of language tuition PLUS the special means and opportunities for getting to know Berlin.

The language training is given by experienced teachers and can be adapted to meet the special needs and wishes of each group. It is also possible to integrate students into other groups, provided that they take a placement test and are found to have the same level of ability. In these international groups the lessons are taught in German, so students from all around the world learn to communicate with each other in one common language. If your participants are interested we will also arrange intercultural meetings between your pupils and those from other countries.

Also included in the programme are guided tours around places of cultural and historical significance in and around Berlin. In addition to the important sights we will also take you around museums and exhibitions. We will show you the parts of Berlin which have a particularly distinctive atmosphere with many interesting shops, cafés, bars and restaurants. Visits to the disco and the cinema in the evening will round off your Berlin experience with an insight into its vibrant nightlife.

The prices quoted for our package offer Include the following services:

- Placement test, 15 hours of tuition, course materials and certificate of participation in one of the above modules
- 2 half-day excursions + 1 full-day excursion (entry fees and local transport are not included)
- Airport transfer to and from hostel or host-family with half-board accommodation (7 days and 6 nights)
- Travel insurance package (no excess payable) + 24-hotline phone service
- One free place for accompanying adults per 20 participants. For groups smaller than 10 the accompanying adults must pay for their own accommodation
