

Learn Chinese with EURASIA!

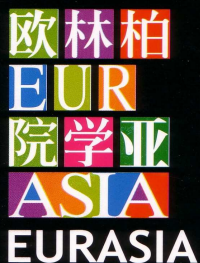

Chinese is spoken by over 1.3 billion people and is therefore the most widely used language in the world. Chinese is the official language in the People's Republic of China, Taiwan and Singapore. The biggest hurdle are the Chinese characters, while Chinese grammar is very easy. Once you have learnt the phonetic system and the tones, you can quickly learn to speak Chinese. Our qualified and experienced tutors will get you speaking Chinese within a short space of time, and soon after that you will be learning to write the language. For whatever reason you want to learn Chinese, whether it is a fascination for the Chinese culture, a planned trip to China, or communication with Chinese business partners or friends, or even for deepening your understanding of Tai Chi or Qi Gong, the far-eastern way of thinking will stay with you for the rest of your life.

Our formula for your success:

- Teaching by qualified lecturers who are native speakers
- Chinese courses at all levels – afternoons or evenings by arrangement
- Individually tailored language training at our institute or on your company premises
- Conversation – from small talk to scientific jargon
- Seminars on Chinese culture and lifestyle
