

Learn Japanese with EURASIA!

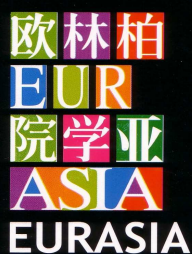

Japanese is spoken by 127 million people and is the eighth most commonly spoken language in the world. The biggest hurdle are the Japanese characters (Kanji). In addition, there are two further scripts to learn: Hiragana and Katagana, in order to be able to write in Japanese. Even the Japanese grammar is a challenge. However, Japanese phonetics are easy and can be learnt quickly. There are no tones, like the four in Chinese. Our qualified and experienced tutors will get you up to speed with both the spoken and written language in a short time. Whatever your reasons for learning Japanese, whether it is a fascination for Japanese calligraphy, a trip to the enchanting Mount Fuji when the delicate cherry blossom is out, for communication with Japanese business partners or friends, or even to deepen your connection with Aikido or Karate – the far-eastern way of thinking will remain with you for a lifetime.

Our formula for your success:

- Teaching by qualified lecturers who are native speakers
- Japanese courses at all levels – afternoons or evenings by arrangement
- Individually tailored language training at our institute or on your company premises
- Conversation – from small talk to scientific jargon
- Seminars on Japanese culture and lifestyle
