Custom-made Camps

Who are we?

Since 1993 the **EURASIA Institute** has helped over **18 000** students realize their dreams of embarking on an academic journey in Germany. Founded in 1993 in Berlin by British sinologist Andrew Geddes, the institute has been providing education solutions in around **80 countries** in collaboration with partner schools and universities worldwide. EURASIA is part of the **Klett Group**, one of Europe's leading education providers. Klett supports us in our vision, and in working with our partner, we believe we can make a **world of difference**.

Short-term Programmes and Camps

Would you like to get to know **Germany** in **depth**? Then our **short-term** programmes and camps might be just what you are looking for. Suitable for individuals and groups between the ages of **12 and 24 years**, you can learn German, visit old cities and castles, play soccer and other sports and take part in many fun and educational activities every day with **like-minded people** from all over the globe.

Read on to learn everything about them.

Summer Camp

Summer in Berlin is filled with **energy and amazing vibes**. Every year we organize our summer camp by an idyllic **swimming lake** close to Berlin, where we **explore** all the **cultural** highlights the city has to offer.

German Soccer Camp

Train with the best during our German Soccer Camp with UEFA **certified** coaches of the **professional** football club 1. FC UNION Berlin. Like the summer camp it takes place at the idyllic **lakeside location**.

Winter Camp

Explore Germany during this **festive** season with **snow-covered** landscapes and **colorful** lights, as smells of freshly baked treats enrich the streets. Christmas markets, New Year's Eve fireworks and ice skating in a stadium. It will be **unforgettable**.

Eurasia Academy

Are you interested in a **more educational** program? EURASIA Academy offers **high-intensity**, academic courses with seminars, workshops and more in cooperation with **universities and industry professionals**.

Explore Germany, Experience Culture, Embrace Life

Why you should plan your
next trip to Germany

Almost half a billion people visit Germany each year and the numbers have been increasing, making it the 7th most visited country in the world. That is no accident – there are many reasons to visit Germany and engulf oneself in German life and culture.

Germany lies at the heart of Europe and, as the strongest economy in the EU, is a very safe country to visit with a high standard of living. Germany's cities are vibrant and overflowing with life. They are rich in culture with people from all walks of life coexisting peacefully. While Germans are known for their efficiency – quality of life and recreation are high priorities as well: German cities are filled with green spaces, parks and lakes. The beautiful countryside is never more than a short train ride away. One third of Germany's land area is under protection as a national park and Germany is the only country that has received a perfect score on environmental governance.

Germany is a country with a very long history that is brought to life through the many museums, theatres and landmarks. Some of the most highly regarded composers, philosophers and writers are from Germany. A lot of the tumultuous European history took place right here, including the darkest chapters during the 20th century. By discovering more about past and present, you will obtain a greater appreciation for the German and European mindset.

Germany is technologically advanced and known for high quality production values and engineering. Especially car enthusiasts will feel right at home. Germany offers worldclass education and universities are tuition-free, even for non-EU citizens. We will provide a good insight into the academic and business opportunities. Maybe you will feel inspired to become part of it one day.

Berlin is where it's at!

Berlin is the **capital** of Germany and **unique** in many ways. A lot of people know it for having been separated by a **wall** for decades until only "recently". However since then, the city has blossomed into a **metropolitan hub** of technological innovation with a booming **start-up** scene and secured its place on the world stage with an abundance of incredible **art** and **(counter-)culture**. There is so much to see and to discover that an astounding **135 million** travellers visit Berlin every year.

Day Trip Excursions

Explore all of Germany

From Old to New

Explore Germany and the many interesting cities. You can hop over to Hamburg with Europe's third largest harbour and magnificent inner city. Or take a trip to Dresden, a city filled with impressive, old buildings and their intriguing history of kings, rulers and riches.

Kings and Castles

Germany is famous for its many fairytale castles. During our camps you can explore them yourself and see how the Kings have resided. The castle in Schwerin looks like it has been taken out of a Disney® movie and the castle Sanssouci is often considered the "Prussian Versailles" with its massive gardens and decadent buildings.

Thrill-seekers and Tech-lovers

Are you feeling brave? Then you will love the Heide Park with dozens of rollercoasters, wild water rafting, carousels and many other rides that will pump up your adrenaline. Or are you amazed by the latest technology? In the hightech "Car City" in Wolfsburg, you can check out the latest innovations by Lamborghini, Porsche, Audi, Volkswagen and more.

It's

time

Explore Europe

Have the best time
of your life

Paris - City of Love

There is little convincing needed to explain why you should come to see Paris. It is the world's most romantic city with beautiful and impressive landmarks never more than a few meters away. It has some of the most iconic buildings, like the Eiffel Tower and the Louvre. And then there is Disney Land®. There are many reasons you might just fall in love with Paris.

Vienna - City of Dreams

Home to many artists, musicians and thinkers from all over the world, Vienna is one of the most vibrant cultural hotspots in Europe and the world. Famous musicians like Beethoven and Mozart have produced their most important works here. And a long list of kings and rulers have left an impressive legacy for you to explore.

Prague - City of a hundred Spires

Famous for its Old Town, Prague is really a beautiful city to explore. Each turn you take feels like walking straight into a gorgeous painting. Each district has its own characteristic atmosphere and unique charm, promising plenty to discover. The city is romantic, yet successful; ancient, yet modern. It is definitely worth a visit.

Venice - City of Bridges

Venice is one of the most popular and wonderful tourist destinations in the world. A scenic town built on water explored by gondolas through an intricate network of canals. Venice is filled with passion and wonder that is difficult to find elsewhere. Surely a city that everyone should see once in their lifetime.

Intensive German Language course

Language is the key to success and understanding

Every year, around 600 students come to EURASIA Institute to learn German so they can realize their dream of studying at a German university. At EURASIA, we are focused on providing excellent language courses that have been proven effective since 1993.

During the course of the camp, we will teach you the basics of the language. Together with native, certified teachers, you can expect to make progress even in short courses and get a good understanding of the language. It might just convince you to pursue it further.

Do you already speak some German and want to improve your language skills? Great! We will assess your German level through a placement test and create the best learning environment for you.

- Skilled and certified language teachers
- 4 lessons a day, 5 days a week
- Individual assessment and advanced classes possible
- Certification after successful completion of course

The EURASIA international winter camp is designed for teenagers between 12-17 years old and includes full board and accommodation at the hotel in old town Spandau or right in the heart of the hip district of Berlin Kreuzberg.

hello WINTER

German Soccer Camps

Bring your game to the next level

Germany is known to be one of the consistently great soccer nations in the world, having won the world championship four times on par with Italy and only surpassed by Brazil. Two key reasons for the success and international recognition are the perfection of technique over physique and the strong focus on youth development training.

At our German Soccer Camp, you will experience an intensive dose of the famous and proven German coaching techniques. In two weeks you are going to train with UEFA certified coaches of 1. FC UNION Berlin – a professional team from Berlin. Through individual assessments there will be a strong focus on the individual strengths and weaknesses with guidance on how to further improve your skills in the future. You will be able to see some tangible progress during your time of the camp.

Learn from the Best

Not only will you be working on your skills. You will also get to learn about Germany and the German mindset. As a part of the program, you are going to learn the language and visit important historic sights in and around Berlin. You will get to visit stadiums and see a professional soccer match as well. You can further test your skillset in friendly matches against German and international soccer players.

Our Partner

1. FC UNION Berlin

1. FC UNION Berlin was founded in the former East Germany in 1966 and has gained a cult following in the intervening years for the unique atmosphere at home games, and the tight bond between the club and supporters. Whilst the actions of the club off the pitch are first class, their performances on it are no less exemplary. 'Eisern Union' or 'Iron Union' as they're affectionately known, have managed to establish themselves as one of Germany's top teams in recent years, both in the professional and youth ranks.

The club's academy is without doubt one of the best in Germany, with a 3-star rating from the German FA, the highest possible accreditation. The coaches you will be taught by from the academy have history in producing players who have succeeded at international level. You can expect a highly-professional atmosphere and challenging exercises from the Union coaches that will develop you as a player in a short amount of time.

Eurasia Academy

Academic Short-term Programmes

Preparing you on your journey to academic excellence

Germany has a reputation for high-quality academia and world class universities. By signing up for our EURASIA Academy, you can accumulate valuable experience and knowledge in the field of your dream.

EURASIA offers short term programmes for classes and groups to gather intensive and interactive experiences into various academic fields with the help of academic and professional partners at universities and within the industry. By participating, students can expect to gather valuable experiences that will make it easier to make life changing decisions on choosing the right academic path.

On the following page we will introduce some of these programmes. However we can offer custom-made programmes into various other fields through the support of our vast academic network. So don't hesitate to write to us with any questions and we will put together the right curriculum for you.

Business and Innovation

New information technology has revolutionized the way we communicate and conduct business. In an ever changing market, implementing innovative and creative strategies has become paramount for any business to stand out and succeed. Berlin has developed into an innovative power house with one of the fastest growing start-up scenes in the world.

At the EURASIA Academy "Business & Innovation" you will hear and interact with some of the thought leaders in their fields, get to know some of the most innovative companies and learn from scholars about the latest trends.

Sustainable Agriculture

Agriculture is the backbone of any country and plays a critical role in the economic stability and success of a nation. It provides a large percentage of the global population with a livelihood and the products make up a core part of international trade. However, with a growing world population nearing 8 billion and the challenges of climate change, we need a new approach to feed the world.

Our Sustainable Agriculture program provides a comprehensive overview on the history, economical and sociological trends, effective farming and use of resources, new technology and how to adapt to the changing climate. Paired with practical education and visiting some of the innovative companies, this programme will provide you with an edge for a forward-looking approach.

Robotics 4.0

Technology and the automation of our daily lives are in full swing. It is hard to deny that computers, new communication technology and automated procedures are shaping our lives every day, however it can be argued that we are still at the beginning of the IT revolution.

Be part of shaping our future. Undergraduate students have the chance to participate in a two-week experimental workshop that aims to empower participants with key competences in the conception, design and programming of robots within the setting of an accredited university. Join this workshop to build your own robot and have it compete with others.

Piano Masterclasses with Masayuki Tayama

Are you an aspiring pianist and want to pursue music professionally? Then our piano masterclass with renowned pianist and educator Masayuki Tayama is the right programme for you. Tayama graduated with honors from the Toho University of Music in Japan, as well as the Royal College of Music and the Guildhall School of Music and Drama. He regularly performs in eminent venues, such as the Wigmore Hall in London.

The EURASIA Academy Masterclasses with Masayuki Tayama include intensive tutoring and exam preparation for the enrolment in one of the German universities or conservatoires. During the programme, you are going to practise and prepare for the entrance examination, as well as visit and perform at German universities or conservatoires.

Contemporary Art

With over 400 galleries, 35 art museums, 3 art fairs and 20,000 artists, Berlin is often considered to be the contemporary art capital of the world and a paradise for the creative and experimental. Artists, curators and art-lovers from all over the world to Berlin to learn about upcoming trends.

During the EURASIA Academy on Contemporary Art programme you will focus on visual and multimedia art in two separate workshops lead by established artists based in Berlin. Learn about the details of art promotion and sales and working with commercial galleries. Dive into the art scene of Berlin by joining an exhibition opening and learn about the great contemporary and classical artists in some of the best museums in the world.
